

# WE MAKE NETWORKS WORK.

It's a fact: customers are happier, churn goes down, and revenue goes up when your telecom, wireless or cable networks work. And, when your test equipment comes from Sunrise Telecom you know it'll be easy to use, reliable and affordable. We're working hard to build next generation products that help you increase network performance, eliminate unnecessary truck rolls and most importantly, make sure your satisfied customers stay that way. For more information contact us at 1-800-297-9726 or visit [www.sunrisetelecom.com](http://www.sunrisetelecom.com). **We Make Networks Work.**
