

TRIPLE PLAY? WE'VE GOT ALL THE BASES COVERED.

SunSet MTT ACM II with
IPTV/VoIP Module

FTTN Premises
MTT Module

CM750

HTT

Working closely with some of the industry's heavy hitters, we developed our outstanding triple play solution with your needs in mind. Discover the HTT—the leading handheld test set for delivering triple play services over FTTN. Next up, the SunSet MTT ACM II modular test platform, which enables you to properly qualify copper pairs to support VDSL and other high-speed services. It also supports the latest MTT modules for testing VDSL/HPNA and IPTV/VoIP. And finally, the CM750—the proven handheld test set for RF distribution of video services. Be sure you've got your bases covered with the triple play solution from Sunrise Telecom. For more information, contact us at 1-888-242-7077 or visit www.sunrisetelecom.com. **We Make Networks Work™**
